

Tools And Resources

The following are a list of tools and resources I use related to my podcast that I mentioned during the course.

[Podbean.com](https://www.podbean.com) – Hosting and distribution for your podcast.

[MP3 Skype Recorder](https://www.mp3skype.com) – Free recording software to record your podcast.

[Audacity.com](https://www.audacity.com) – Free DAW that works great for simple tasks, like editing podcasts.

[Fiverr.com](https://www.fiverr.com) – Great website for finding things like logos, podcasting editing services and so on. I use this site frequently.

[Music, Money And Life](#) – My podcast that focuses on music licensing and the music business.
